**Wilson M. Beck Insurance Services
&
ICBA**

The ICBA already has a very successful Member Benefits program in place. To expand the association's "one stop shopping" services for its members, ICBA has partnered with Wilson M. Beck Insurance Services Inc. to create the **Independent Contractors Bonding & Liability Insurance Program**.

Wilson Beck Insurance is the largest contract bonding and construction insurance broker in British Columbia and has been an active member of the ICBA since 1986.

Under the **Independent Contractors Bonding & Liability Insurance Program**, there are two important ICBA member-advantages:

First, Wilson Beck Insurance will provide expert advice on any construction insurance or contract bonding matter.

Second, upon your request, we will put together a highly competitive, cost effective risk management program tailored to the specific needs of your business.

In this and subsequent letters, we will outline tips and suggestions that will help you stretch your insurance dollar - putting it to work where it will do the most good. We will talk about premium saving strategies as well as ideas on how to minimize risk and reduce the direct and indirect costs of accidents.

We invite you to become a regular reader of Wilson Beck Insurance email newsletters. Always feel free to call us directly to take advantage of more than 28 years of construction insurance and contract bonding experience.

Yours truly,

David W. Beck

We are a privately held business, much like many of our clients.

We know insurance and we know construction.

Introducing the "Independent Contractors Bonding & Liability Insurance Program" from Wilson Beck Insurance

Our ICBA Commercial Insurance facility permits rating credits that save insurance dollars.

Depending upon your business' individual profile, your company can save up to 20 to 30% off insurance industry standard rates.

The **Independent Contractors Bonding & Liability Insurance Program** integrates the advantages of bulk buying with the ability to customize coverages to the specific needs of your business. It works well for both small and large contractors.

Insurance

The Independent Contractors Bonding & Liability Insurance Program is designed for both small and large contractors.

For the larger ICBA contractor, we will work with you to customize an insurance program specific to your requirements. Working with a select group of insurers who specialize in construction risks, we will develop a risk management plan and insurance program that suits your needs.

For the small contractor doing less than \$5,000,000.00 in revenue per year, you will have access to a one stop shop policy that has the following features:

- Broad policy wordings
- Competitive prices achieved by working with one insurer on a bulk buying basis
- Multiple options for "bolt on" coverage and deductibles to customize your policy
- Discounts available for claims free, safety programs and number of years in business
- Access to Wilson Beck's team of construction experts

Contractors can simply contact us by phone, email, or access our website for more detailed information.

Contract Bonding

At Wilson Beck Insurance, we appreciate the intricacies, risks, and nature of the construction industry.

Our contract bonding services are based on these unique requirements. To better facilitate our clients' needs, we have long established relationships with every major bonding company in Canada. This ensures that our clients will receive the most responsive and competitive bonding program available.

- Aggressive single job and aggregate limits
- US surety facilities
- Competitive rates
- Flexible security/indemnity options

Contact us by phone, email, or access our website for more detailed information.

We've made it easy to participate in the Independent Contractors Bonding & Liability Insurance Program
